

ENVIRONMENTAL CONSIDERATIONS

Background

The Division is committed to fostering policies, practices and education programs which will protect and preserve the environment.

Procedures

1. The Division will endeavour to purchase "environmentally friendly" products which will provide the highest possible level of performance. The efficient use of energy and water will be guiding principles in all renovations, new construction and operations.
2. The Division encourages and supports initiatives to reduce, recycle and recover waste materials in all schools and departments.
3. The Division will continue to promote local habitat conservation and improvement on all Division-owned properties, where possible.
4. The Division is committed to improving our division's sustainable practices and reducing energy usage by implementing energy-reducing measures.
5. The Division will continue to promote sustainable school practices through environmental education, protection and conservation efforts.
