

MEMORIALS

Background

Evergreen Catholic Separate School Division recognizes that the loss of a student or staff member deeply impacts the Division and school community. When a tragedy occurs at a school, there is often a call for the creation of a memorial to commemorate the loss or tragic event.

Procedures

In recognition that schools are designed primarily to support learning, school sites should not serve as the main venue for a memorial of students or staff members. Memorial activities at school need to be coordinated and approved through the superintendent or designate, in consultation with the principal, and the Division Crisis Response Team.
